

GREEN POWER GP44A/D OPEN (MANUAL CONTROL UNIT)

Product price:

9.936,00 € tax excluded

Product description:

GREEN POWER GP44A/D OPEN

The GREEN POWER 1500 rpm generators are designed for versatile use, from construction sites to industry, from agriculture to civil protection.

Robust welded steel frames with built-in tank of variable capacity produced by Green Power, engines and alternators supplied by the most important manufacturers in the sector and cutting-edge control units are the elements to ensure generators of excellent quality.

The hoods are made of steel, which allows them to be used in tropical environments. The Green Power covers guarantee maximum accessibility for maintenance and cleaning operations.

Green Power's strong point is the design and implementation within the company, a feature that helps to reduce the time to market of the product and allows any customization.

You can choose from six versions:

- Open generator with AVR-Linz alternator (manual control unit)
- Open generator with AVR-Linz alternator (automatic control unit)
- Open generator with AVR-Mecc alte alternator (manual control unit)
- Open generator with AVR-Mecc alte alternator (automatic control unit)
- Open generator with AVR-Stamford alternator (manual control unit)
- Open generator with AVR-Stamford alternator (automatic control unit)

The image is purely indicative.

Product features:

Phase: Three phase

Maximum power three phase (KW): 35.2

Continuous power three phase (KW): 32
Maximum power three phase (KVA): 44
Continuous power three phase (KVA): 40
Fuel: Diesel
Frequency (Hz): 50
Voltage (V): 230 / 400
Engine: Deutz BF4M2011, 4 stroke
Emissions Regulations: Stage 2
Engine rpm (rpm): 1500
Speed governor: Mechanical
Starting system: Elettrico
Engine capacity (cm³): 3108
Number cylinders: 4
Cylinders' position: In line
Cooling: Water
Alternator: Linz PRO18ME/4, synchronous, brushless
Poles: 4
