

DOMETIC NAUTICAL AIR CONDITIONING MCS T6

Product price:

3.041,00 € tax excluded

Product description:

Cool, heat and dehumidify with one neat, little and easy-to-fit unit. Allowing you to create the perfect climate on yachts and boats!

Self-contained systems for easy installation

The improved Dometic MCS T now features the award winning DTU unit for fast, easy and versatile installation. With rotatable blower for custom installation, composite drain pan with quick fittings and superior vibration insulation for quiet operation the MCS T offers you true OEM quality in one kit. All components and mounting materials are included in the scope of delivery. Three available capacities, all using R-410A refrigerant, allows the systems to work effectively and supply air-conditioned comfort to cabins of different sizes or design.

Ensure your comfort

With its efficient cooling, heating and dehumidifying settings, the Dometic MCS T6 ensures perfect temperatures on board yachts and boats regardless of weather conditions outside. Through an easy-to-use control panel, this ultra-compact unit creates the ideal onboard climate with six blower speeds and an additional automatic setting. Supplied with all fixtures and fittings, the MCS 6 is quick to install and means a home-from-home atmosphere can be enjoyed with the greatest of ease.
