Product description:

DOMETIC COOLFREEZE CF-CBS

No need to keep stooping down to take things out of the cooler. Just rest it on this collapsible, yet sturdy stand and prevent damage to your back – and the cooling box. It considerably improves comfort and safety in your mobile kitchen.

Comfort and safety in you mobile kitchen

Don't strain your back and place your cool box on the Dometic CoolFreeze CF-CBS, the sturdiest stand of its category. Laid out for a load of up to 80 kg, it will accommodate large compressor coolers, too. At the same time it is easy to transport at a mere weight of 2 Kg and fully collapsible. Adjust the stand to the height you find most comfortable, either 34 or 44 cm. The softly padded aluminium frame prevents slipping or scratching of the cool box. The Dometic CoolFreeze CF-CBS will keep your cooling box safe from dirt and water at the same time till it will give you easy access to fresh food and cold drinks on all trips.
