Product description:

DOMETIC DS 601H Sanitary Refrigerator 230V 52LT

The DOMETIC DS 601H sanitary refrigerator is the ideal solution for safe and reliable storage of medicines, vaccines and other temperature-sensitive products. With an internal volume of 52 litres, it offers ample space to accommodate a variety of products. Powered by 230V, it guarantees reliable performance and efficient cooling. Its compact dimensions (494x486x592 mm) and low weight (20 kg) make it easily transportable and installable in any environment.

Technical characteristics:

Product description: Sanitary refrigerator

Input voltage: 230 V

Refrigerator volume: 52 Lt

Nominal input power: 85 A

Electric thermostat: yes

Length: 494 mm

Width: 486 mm

Height: 592 mm

Weight: 20 Kg

Specific features:

Stores heat-sensitive drugs at a temperature of +2 °C to +8 °C thanks to silent absorption refrigeration.

An external thermometer indicates the internal refrigeration performance. Integrated fan to ensure a constant temperature

Equipped with an acoustic warning system, which is activated when the door remains open for more than 20 seconds

The door is equipped with a lock to keep the contents safe

Drawers with adjustable compartments to organise the space.

Technology in the service of health: silent and reliable absorption refrigeration ensures consistent performance over time, without temperature variations.
