

HONDA MIIMO HRM 40 LIVE Robotic lawnmower

Product description:

HONDA Miimo HRM40 LIVE Robotic lawnmower

HONDA Miimo HRM40 LIVE, the HONDA robotic lawnmower, is the latest addition to the Miimo family: HONDA Miimo HRM40 LIVE is a smart robotic lawnmower, perfect for mowing even the smallest lawns. Great in cutting performance, it is easy to set up and offers many new features.

The easiest way to always have a perfect lawn

The HONDA HRM40 LIVE robotic lawnmower has a simple 4-step configuration process that will map the layout of your garden, calculate its dimensions and create a cutting calendar that adapts to the specific situation. HONDA HRM40 LIVE will return to base in time to recharge, then resume cutting where it left off.

To mow those hard-to-reach spaces

With the Position & Cut function the HONDA HRM40 Miimo LIVE robotic mower can cut precise areas, such as under garden furniture. All you have to do is activate it manually, place it on the lawn and Miimo HRM40 LIVE will do the rest, cutting grass in square areas of 2 m or 3 m side.

Amazon Alexa

Through the Amazon Alexa, the HONDA Miimo HRM40 LIVE robotic lawnmower can receive voice commands, warn you of its current status and the next scheduled mowing, making it easier to achieve the goal of a perfectly groomed lawn.

HONDA Smart Timer

Thanks to the Smart Timer, the HONDA HRM40 LIVE robotic lawn mower can choose the best times to mow the lawn based on real-time weather information, thus avoiding lawn mowing in heavy rain. It can also recognise rapid grass growth during a hot period and will automatically start mowing.

App Mii-monitor HONDA HRM40 LIVE

Our smartphone app, through a simple and intuitive interface, allows you to quickly communicate with HONDA Miimo. You can review and control the Miimo HRM40 LIVE cutting program and make any adjustments from anywhere.

Weatherproof

Small Miimo boasts IPX4 weatherproof certification and can withstand most weather conditions without any problems.

Grid cutting pattern

The HONDA Miimo HRM40 LIVE robotic lawn mower systematically mows the lawn in 5-meter strips, cutting efficiently and returning directly to the charging base at the end of the cut.

Entrust the lawn care to HONDA Miimo HRM40 LIVE

The robotic lawn mower HONDA Miimo HRM40 LIVE is completely self-contained and can mow lawns up to 400 m² without any assistance. HONDA Miimo is the perfect synthesis of innovative and intelligent technologies that eliminate the fatigue that requires the maintenance of a lawn that is always perfect.

For the cheapest version without smartphone app management you can see the HONDA Miimo HRM40 LIVE.

Images and technical data are not binding.

Product features:

Acoustic pressure: 63 dB(A)

Length (mm): 445

Width (mm): 364

Height (mm): 202

Product type: Lawnmower

Engine manufacturer: Honda

Weight (Kg): 8.1

Amplitude of work area: Up to 400 m²

Maximum inclination of shaving area: 15° / 27%

Maximum wire inclination on sloping areas: 9° / 15%

Blade type: 3 (Pivoting blades)

Cutting width (mm): 190

Cutting height adjustment: Manual from 30 to 50 mm

Autonomy for each recharge: 45 min

Recharge times: 45 min

Waterproofness: IPX4

Smartphone application: Android e iOS

Positioning the charging station: Parallel to perimeter or corner cable
