Product description:

HONDA lawnmower HRH 536 HX

HONDA HRH 536 HX petrol professional lawnmower with 53 cm cutting width equipped with Roto-stop™. HONDA HRH 536 HX lawnmower is equipped with the unique Roto-Stop® function, which allows you to stop the blade without turning off the engine, which is ideal if you have to drive along a driveway or a section with gravel. Other standard features such as the high airflow bag and double arm reinforcement (with handle attached to the cutting deck), it is not surprising that their name is HONDA HRH Professional.

With its powerful "Pro" motors and heavy duty cutting plates, HONDA HRH 536 HX is ideal choice for professional use.

Heavy-duty aluminium cutting plates

Thanks to their anti-corrosion properties, HONDA HRH 536 HX cast aluminium mower cutting plates offer excellent performance in terms of power-to-weight ratio and durability.

Maximum control, minimum difficulty

The hydrostatic control gives you maximum precision and continuous, uniform speed control.

Roto-stop® blade stop system

Roto-stop® system allows you to stop the blades quickly and safely without switching off motor of HONDA HRH 536 HX lawnmower. This feature is ideal if you want to empty the grass catcher bag, remove debris or cross paths and driveways.

Professional engines with excellent performance

All HONDA HRH lawnmowers are equipped with Honda "Pro" GXV 160 engine. Professional performance for a truly professional lawnmower.

Durable cast iron drive shaft

Thanks to the durable cast iron cylinder barrel and crankshaft with specially adapted bearings, HONDA HRH 536 HX lawnmower has a long service life.

Suitable for demanding work

Protected by a durable cast iron cutting deck and reinforced cutting deck handlebar, HONDA HRH 536 HX is designed to adapt to the most demanding jobs.

Are you considering another kind of mower? Discover the whole range of lawnmowers to find the machine that best suits your needs.
