Product description:

WEBASTO Cool Top Trail 24 air conditioner

The WEBASTO Cool Top Trail 24 air conditioner is a single-phase 230 V model with 2400 W cooling and heating power and is suitable for use in parked motorhomes and caravans up to 8 m long.

The WEBASTO Cool Top Trail 24 is lightweight, compact and easy to install inside small vehicles. The WEBASTO Cool Top Trail 24 air conditioner is also rugged and quiet so you can enjoy the ride to the fullest.

Thanks to its generous heat exchanger, the WEBASTO Cool Top Trail 24 features high efficiency and high performance. The reliability and high cooling power of the WEBASTO Cool Top Trail 24 air conditioner have been tested under extreme conditions at temperatures up to 50°C. Units like this rooftop air conditioner come with a heat pump as standard that is also very powerful, operating in outdoor temperatures as low as -5 °C.

The WEBASTO rooftop very low noise levels allow you to rest and relax inside your vehicle and not disturb your camping neighbors. The use of high quality components ensures long life with minimal maintenance expense. Made of UV-stabilized polypropylene, the air conditioner housing is sturdy yet lightweight.

The air conditioners can be operated with an easy-to-use remote control that allows the user to access all air conditioner functions from the comfort of the dining area, seat or bed.

In addition to cooling and heating, the air conditioners include several extra functions such as dehumidification, timer and sleep function.

The WEBASTO Cool Top Trail air conditioners are supplied with a mounting frame for roof openings of 400 x 400 mm.

For use in smaller openings of 360 x 360 mm, an alternative adapter frame is available as an accessory.
