Product description:

ITALTOWER WORKSITE S LED PROJECTOR 20 W

ITALTOWER WORKSITE S is a high efficiency LED projector capable of delivering a power of 20 W, for a maximum luminous flux of 5500 lm.

The ITALTOWER WORKSITE S projector is equipped with an anti-reflection lens that is able, despite the surface opacity, to transmit up to 95% of the light emitted by the diodes.

Optionally, the structure can be equipped with a backlight function, which is a rear lamp that allows you to illuminate the surroundings of the projector during construction work.

The basic delivery of each ITALTOWER WORKSITE S contains within it the universal mounting bracket (plastic clamp).

The ITALTOWER WORKSITE S model is also available in a battery-operated version, which allows you to use the projector without the cable and with three modes for adjusting the power of the luminous flux and the duration of illumination.
