Product description:

MCH M500 GX POWER CARRIES WITH EXTENDABLE DRAWBACK 500 Kg

The MCH M500 GX power carries is equipped with Honda engine GX200 with gasoline power, with manual extendable body and load capacity up to 500Kg.

The MCH M500 GX power carries makes your work easier, make transporting heavy materials easier and safer. Plus, in reducing work-related injuries, they also take a load off your shoulders.

MCH M500 GX is a versatile machine designed to make it easy to transport bulky loads or objects. With a maximum capacity of 500 kg, the MCH M500 GX power carries makes it easy for you to move around, whatever your activity: construction, agriculture, maintenance of green areas, farms, stables.

Optimal for transporting any type of material, be it earth, sand, wood, rubble, or other. The compact size of 66 cm wide allows them to pass through doors and facilitates transportation by truck or trailer.

The MCH M500 GX power carries comes with a 0.2 m3(approx.) volume box, when needed, extendable to allow it to fit your load. Gas piston assistance will ease your effort when unloading.
