Product description:

WHISPER W-SQ PRO 18 MOBILE GENERATOR 18KVA SINGLE-PHASE STAGEV AVR

WHISPER W-SQ PRO 18 Single-phase mobile generator with Kubota V2203 M BG StageV diesel engine delivers a power of 18KVA, **complete with AVR voltage regulator**.

The WHISPER W-SQ PRO 18 vehicular generator is designed with a soundproofing cabin that makes it **supersilent**. The excellent accessibility to the internal compartment makes maintenance operations easier, even with the generator set installed in confined spaces.

Thanks to the electrical stabilizer of AVR technology that works at very low distortion, WHISPER W-SQ PRO 18 delivers constant current loads without voltage peaks that could damage electrical and electronic devices. A further advantage of the inverter is that it works with variable motor revolutions, based on the need for the current to be supplied, optimizing fuel consumption, gas emissions and wear of the mechanical parts in the best possible way.

VOLTAGE REGULATOR

WHISPER W-SQ PRO 18 is equipped with AVR which, mounted on an alternator, allows a generator set or current generator to stabilize the output voltage and does not damage the connected sensitive electronic devices. In the modern market, inverters have made a huge step forward in terms of technology and performance; for this reason the best brands of generator sets and alternators in the world are moving along this line of thought.

An important feature of our SQ Pro range is the 7 inch color touch screen control which will be linked with WhisperCare. This allows complete control of the W-SQ Pro 18 generator system. A perfect solution for instantaneous and/or historical information with an attractive display.

STAGEV / EPA TIER 4 EMISSION REGULATIONS

WHISPER W-SQ PRO 18 is equipped with a "mobile" STAGEV engine, as required by European Regulation 2016/1628. These new engines make it possible to exponentially reduce the particulate and nitrogen oxide emissions released by the generator into the environment, and guarantee a 200% reduction in environmental impact compared to standard engines.

DeepSea Control Features (Optional)

- Group parallel functionality included (ask for more details)
- Provides secure and easy offsite monitoring (optional)
- Allows you to quickly resolve fault conditions and provide instant system information to aid in preventive maintenance
- Graphic displays showing, graphs, meters, power display, graphs and engine status information
- The information is displayed clearly and in a universal format for all users
- Language of your choice

Technical characteristics WHISPER W-SQ PRO 18:

Phase Type: Single Phase

Maximum Power: 18 KVA / 14.5 KW

Continuous Power: 17.5 KVA / 14 KW

Fuel: Diesel

Voltage: 230 V

Frequency: 50 Hz (60 Hz)

Engine: Kubota V2203 M BG

Emissions standard: StageV certified / EPA Tier 4

Number of cylinders: 4

Engine speed: 1500 rpm

Acoustic power: 55 dBA

Voltage regulator: AVR

Length: 1220 mm

Depth: 719 mm

Height: 754 mm

Net weight: 495 Kg

Non-binding images and technical data.

Product features:

Phase: Single phase
Maximum power single phase (KW): 14.5
Continuous power single phase (KW): 14
Maximum power single phase (KVA): 18
Continuous power single phase (KVA): 17.5
Fuel: Diesel
Frequency (Hz): 50
Voltage (V): 230
Engine: Kubota V2203 M BG
Emissions Regulations: Not Emitted
Engine rpm (rpm): 1500
Number cylinders: 4
Cooling: External radiator cooling
Acoustic pressure: 55 dB(A)
Length (mm): 1220
Width (mm): 719
Height (mm): 754
Dry weight (Kg): 495
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: AVR
Engine manufacturer: Kubota
