Product description:

HYUNDAI RIDER POLAR 67490 Ride-on Mower Cutting Deck 61 cm StageV

The Hyundai Rider Polar 67490 is a ride-on mower with a StageV petrol engine that has an exceptional cutting capacity, perfect for working areas of up to 2600m².

The Hyundai Rider Polar offers an excellent lawn mowing experience for owners of gardens of all sizes. This powerful and reliable ride-on mower is carefully designed to ensure optimal results and a comfortable user experience.

With an ergonomic and functional design, the Hyundai Rider Polar offers a comfortable and effortless ride. Equipped with a powerful 196cc StageV petrol engine, this lawnmower can easily handle large lawns of up to 2600 m². Its robust and durable structure is built to last, ensuring a consistent and reliable performance.

One of the distinguishing features of the Hyundai Rider Polar is its ease of manoeuvring. Thanks to its small turning radius, this ride-on mower can easily move around obstacles in the garden, such as trees or shrubs. This makes the lawn mowing process more efficient and reduces the time and effort needed to complete the job.

The cutting system of the ride-on mower is highly efficient and offers impeccable cutting results. Equipped with a precision blade, this ride-on mower offers a uniform and precise cut, leaving the lawn well-kept and aesthetically pleasing. In addition, you can adjust the cutting height to suit your personal preferences, allowing you to achieve the desired result.

This ride-on mower is equipped with advanced safety features, such as an emergency stop system and overload protection, which protect both the user and the machine during use.

Hyundai Rider Polar is equipped with a practical and comfortable adjustable seat, which ensures an ergonomic posture while driving. In addition, there is also a large collection basket for cut grass, which makes cleaning after cutting the lawn a simple and quick operation.
