

# STAR COOLER SC25000 MOBILE AIR CONDITIONER 25000BTU/H

**Product price:**

**3.545,00 € tax excluded**

**Product description:**

STAR COOLER SC25000 MOBILE AIR CONDITIONER 25000BTU/H

The STAR COOLER SC25000 mobile air conditioner represents the most effective and convenient solution to quickly eliminate heat and humidity from work environments, improving the well-being and efficiency of operators.

Each STAR COOLER SC25000 air conditioner is mobile and independent without the need for external units. It therefore does not require installation time and costs. Just a simple click is enough to generate a flow of cold air concentrated on a specific area without making noise, both in internal environments and in specific work areas in external environments, offering high cooling efficiency even at great distances from the unit.

The air conditioner is equipped with a pair of extendable and flexible conveyors that allow you to channel cold air from every angle, reaching even difficult and narrow environments with the possibility of cooling different areas at the same time.

**Technical characteristics of the mobile air conditioner STAR COOLER SC2500**

- Cooling capacity: 25000BTU/h
- Condenser air flow: 2009 - 2497 m3/h
- Evaporator air flow: 985 - 1104 m3/h
- Cooled area: 60 - 80 m2
- Condensate tank: 18 l
- Voltage: 230 V
- Frequency: 50 Hz
- Phase type: Single phase
- Refrigerant: R-410A

Duct diameter: 40 cm  
Width: 560 mm  
Length: 730 mm  
Height: 1300 mm  
Net weight: 96 Kg  
Consumption (Watt): 2680

Are you looking for an air conditioner with different technical characteristics? [HERE](#) you can find the entire range of air conditioners from specialized brands.

**Product features:**

Voltage (V): 230  
Refrigerating yield: 25000BTU/h  
Maximum air flow rate (m<sup>3</sup>/h): 2497  
Length (mm): 560  
Width (mm): 730  
Height (mm): 1300  
Product type: Air conditioner  
Weight (Kg): 96  
Consumption (Watts): 2680
