Product description:

SCANGRIP NOVA 10 CONNECT 10000 LUMEN LED Construction Lamp

The SCANGRIP NOVA 10 CONNECT is a powerful LED construction lamp with 10000 lumens, compatible with various batteries.

The SCANGRIP NOVA 10 CONNECT is an extraordinary LED work lamp designed for construction sites, offering an incredible brightness of 10000 lumens. This high-efficiency work lamp is powered by the latest COB LED technology, making it an essential tool for professionals requiring powerful and reliable illumination.

One of the distinctive features of the SCANGRIP NOVA 10 CONNECT is its compatibility with the METABO / CAS battery system, as well as other 18 V/20 V batteries from renowned power tool brands. This is made possible through the innovative SCANGRIP CONNECTOR, enabling seamless integration with various battery systems. Additionally, the option to use the SCANGRIP POWER SUPPLY for direct power ensures uninterrupted illumination, eliminating the need to worry about battery life.

NOTE: SCANGRIP NOVA 10 CONNECT DOES NOT INCLUDE POWER SUPPLY OR BATTERY

The SCANGRIP NOVA 10 CONNECT goes further with its unique internal backup battery, providing an extra hour of illumination at 1000 lumens. This considerate feature ensures that the light doesn't unexpectedly go out, enhancing productivity on the job.

Built to withstand the harsh conditions of various work environments, the NOVA 10 CONNECT boasts a robust construction and IP65 waterproof rating. This means it can endure challenging conditions and continue to provide reliable illumination when needed.

The convenience of the BLUETOOTH light control app adds a new level of functionality to the NOVA 10 CONNECT. With this app, users can easily control up to four work lights using their mobile device. The built-in dimmer function allows adjusting light output across five different levels, saving time and improving efficiency.

The NOVA 10 CONNECT also stands out for its exceptional design, featuring an elegant appearance, a practical handle for transportation, and a stand for versatile positioning. It can even be directly mounted on the SCANGRIP TRIPOD for even greater flexibility.

With its exceptional compatibility, sturdy construction, powerful illumination, and innovative features, the SCANGRIP NOVA 10 CONNECT is the ideal choice for professionals seeking a reliable and versatile work lamp. Its unique design is also protected by a EU design patent, highlighting its distinctiveness and innovation.

TECHNICAL SPECIFICATIONS SCANGRIP NOVA 10 CONNECT

Maximum luminous flux: 10000 lumens
Minimum luminous flux: 1000 lumens
Maximum illumination: 16000 Lux@0.5m
Minimum illumination: 1600 Lux@0.5m
Illumination distance: 0.50 meter
Light source: High-efficiency COB LED
LED performance: 165 lm/w
CCT: 6000 Kelvin
CRI: Ra > 80
Light output: adjustable 5 levels
Main beam angle: 110°
Maximum power consumption: 75.00 W
Charger included: No
Protection class: IP65
Impact protection: IK07
Operating temperature: from -10°C to +40°C
Shock resistance: 1.00 meter
Length: 304 mm
Width: 292 mm
Height: 131 mm
Net weight: 3.72 kg
