

Generator FullElectric EcoPower EP2496

Product description:

Generator FullElectric EcoPower EP2496 Battery energy storage system

Generator FullElectric EcoPower EP2496 energy storage system saves you money and reduces pollution

ZERO emissions, ZERO noise, ZERO liquids

Generator FullElectric EP2496 is an energy storage system that can operate independently or in combination with solar energy, the grid and generators.

Thanks to its innovative technology, the FullElectric EcoPower EP2496 Generator guarantees zero emissions, zero noise and zero liquids, offering you a sustainable and environmentally friendly solution.

Advantages of the FullElectric EcoPower EP2496 Generator

Energy saving: The FullElectric EcoPower EP2496 Generator allows you to reduce your energy consumption, thanks to its ability to store energy produced from renewable sources or the electricity grid.

Reducing emissions: Generator FullElectric EcoPower EP2496 helps reduce air pollution, thanks to its zero emissions.

Flexibility: FullElectric EcoPower EP2496 generator can be used in a variety of applications, from residential to industrial.

Applications of FullElectric EcoPower EP2496 Generator

FullElectric EcoPower Generator is ideal for a wide range of applications, including:

Emergency power supply: FullElectric EcoPower EP2496 generator can provide power in the event of a blackout, ensuring continuity of service.

Reactive energy compensation: FullElectric EcoPower EP2496 generator can help improve the stability of the electricity grid by compensating the reactive energy produced by inductive loads.

Exchanging energy with the grid: The EP2496 generator can be used to exchange energy with the grid, resulting in an economic gain.

FullElectric EcoPower EP2496 Generator: the sustainable solution for your future

FullElectric EcoPower Generator is the ideal solution for those who want to save money, reduce pollution and use energy in a sustainable way.

Technical data FullElectric EcoPower EP2496 generator:

Rated power: 24 KVA

Storage capacity: 48KWh

Frequency: 50 Hz

Voltage: 400 volts

Weight: 1460 kg

Dimensions: 1650x1180x1900 mm

Battery type: LINMC

Quantity: 2

Cycles @ 90%=6000

Recharge Time: 20-90%=2.45Hr/20-100%=3.10Hr

FullElectric generator EcoPower EP2496 is the perfect solution for those who want to live more sustainably and responsibly. With its zero emissions, the Eco Power EP2496 helps reduce air pollution and improve air quality.

FullElectric EcoPower EP2496 generator uses LINMC battery modules, which offer long life and high reliability. The LINMC modules are made of high-quality lithium-ion cells, which guarantee high power and energy efficiency.

image purely indicative.

Product features:

Phase: Three phase

Continuous power three phase (KW): 96

Continuous power three phase (KVA): 24

Fuel: Batteria

Frequency (Hz): 50

Battery type: LINMC

Length (mm): 1650

Width (mm): 1180

Height (mm): 1900

Super silenced: Yes

Weight (Kg): 1460

Recharge times: 20-90%-4.30Hr/20-100%-5Hr

Voltaggio: 400volt

modalità UPS: Yes
