Product description:

DOMETIC COOLICE WCI22 Thermal Container

DOMETIC COOLICE WCI22 high outside temperatures, rough terrain, dust and mud? The indestructible Dometic thermal containers handle them without a problem. The Coolice thermal containers are characterised by extremely effective insulation and, once ice packs or cubes are inserted, preserve the freshness of food, fish, bait or game. Even for several days, depending on usage and environmental conditions. DOMETIC COOLICE WCI22 Guaranteed for 2 years! Made of impact-resistant plastic, they are prepared for use in the harshest conditions. This reliable thermal container is equipped with a robust, thick layer of insulating foam suitable for refrigeration, as well as labyrinth seals that retain cold air on the inside and warm air on the outside for longer. This ensures a longer ice life, regardless of the outside temperature.

DOMETIC COOLICE WCI22 Regardless of the heat outside, thanks to the Coolice WCI22 cool box, your food and drinks will always be cool. Made of durable plastic, it can withstand the harshest conditions. Its thick foam insulation and specially designed seals help keep the ice frozen.

This highly efficient and lightweight cooler can keep ice for many days.

Dometic Blocking and sealing technology

Blocks and seals cold air inside for longer ice life

Robust

Robust design with unique labyrinth seal

Carrying handle

Comfortable carrying handle

Technical specifications DOMETIC COOLICE WCI22:

Refrigerator volume: 22 Lt

Length: 363 mm

Width: 386 mm

Height: 313.94 mm

Weight: 4.36 kg

Keeps ice for days DOMETIC COOLICE WCI22

Thermal containers like the Dometic Coolice WCI22 are perfect for situations where there is no power source at hand. They can store ice for a long time, depending on the model and conditions of use. These robust thermal containers are ideal for continuous exposure to the elements, particularly on boats. The thick foam insulation and labyrinth seal design help to increase the durability of the ice. The design prevents heat from penetrating inside and the cold from escaping! DOMETIC Coolice WCI22 cool boxes are extremely robust, durable and easy to clean.
