Product description:

WEBASTO BLUECOOL S-8 SINGLE-BLOCK NAUTICAL AIR CONDITIONER 8000 BTU/h

Webasto BlueCool S-8 is a nautical air conditioner in monoblock units suitable for use on boats, with a rated cooling capacity of 8000 BTU/h.

The Webasto BlueCool S-8 is a nautical air conditioner designed to provide an effective and reliable solution for indoor air conditioning in boats. Thanks to its cooling capacity, the BlueCool S-8 provides optimal comfort in all weather conditions.

This model features a sturdy and weather-resistant construction, thanks to the presence of high-quality materials that ensure long service life. The BlueCool S-8 is equipped with advanced technology that allows for precise temperature and airflow speed adjustment, ensuring a personalized climate control experience.

The Webasto BlueCool S-8 nautical air conditioner can cool the boat's interior evenly and quickly, and its ability to run quietly ensures optimal comfort, even while sailing.

Webasto BlueCool S-8 uses environmentally friendly refrigerant R410A, which has low greenhouse gas emissions and meets international environmental standards. This makes it a sustainable choice for those who want a high-quality, environmentally friendly air conditioning system.

The Webasto BlueCool S-8 comes complete with:

Including external Arias temperature probe

Control panel with plate

Air filter

Air conditioning unit

Installation/instruction manual

Control box

Stops/Fasteners

Cabin thermosensor

Cable for control panel

TECHNICAL FEATURES WEBASTO BLUECOOL S-8

Cooling capacity: 8000 BTU/h / 2400 W

Heating Capacity: 8000 BTU/h / 2400 W

Power Supply Voltage: 230 V

Frequency: 50 / 60 Hz

Current draw running: 2.4 / 3.5 A

Air flow (free blowing): 275 m3/h

Sea water connection: 3/4"

Minimum sea water flow rate: 8 l/m

Refrigerant: R410a

Refrigerant quantity: 250 g

Depth: 320 mm

Width: 400 mm

Height: 305 mm

Net weight: 20 Kg
