Product description:

VITRIFRIGO IM XR OCX2 REFILL Ice Maker

VITRIFRIGO IM XR OCX2 REFILL is an innovative ice maker from the OCX2 series, designed to offer high-quality performance and versatility. This product is available in two versions: the HYDRO version, designed for water connection on boats, and the REFILL version, ideal for use with mineral water thanks to its dedicated internal water tank.

The Steelock system of VITRIFRIGO IM XR OCX2 is one of the distinctive features of this series. It includes a unique fixing profile that allows flexible configuration with fully or partially recessed doors. Additionally, the Steelock handle is equipped with a ventilation position, which promotes air circulation during periods of inactivity.

The new water containment tray is specially designed to facilitate extraction, filling, and washing, particularly in the Refill version, which operates with mineral water.

The thermostat functions VITRIFRIGO, managed through an on/off button and freezer mode with 3 temperature settings up to -18°C , ensure maximum operational versatility. The Refill version also includes an electronic water level sensor, which optimizes the efficiency of the ice production process.

To ensure safety and hygiene, the VITRIFRIGO IM XR OCX2 series offers a UV-C LED sanitization system as an optional feature, ensuring effective purification of from harmful bacteria. This system complements other safety features such as the Steelock profile, waterproof LED thermostat, and new tray with level sensor, ensuring a safe and hygienic experience.

VITRIFRIGO IM XR OCX2 REFILL represents an advanced and reliable option for ice production,

ideal for meeting the needs of both professionals and enthusiasts seeking high performance and ease of use.

Technical Specifications of VITRIFRIGO IM XR OCX2:

Total capacity: 24
Power supply: 230 VAC
Nominal consumption: 180 W
Ice production Kg/24h: up to 8
Reversible door: yes
Total width: 416 mm
Total depth: 435 mm
Total height: 546 mm
Net weight: 27 Kg

Product features:

Length (mm): 435
Width (mm): 416
Height (mm): 546
Dry weight (Kg): 27
Feed Type: 230 V
Product type: Ice maker
Ice production (Kg/24h): 8
Total capacity liters: 24
