Product description:

Dometic ACC3100 ioniser kit

Air purifier kit for roof fan ACC3100

This easy-to-install air purifier kit is a useful add-on for the Dometic ACC3100 roof fan. Using advanced bipolar ionisation technology, it effectively reduces dust, bacteria, mould build-up and unpleasant odours. Unlike conventional systems that use UV light, the purified air flow reaches every corner of the caravan or motorhome.
