## Casseto Fridge-Freezer

**Product price:**

**807,45 € tax excluded**

**Product description:**

**VITRIFRIGO C75DW DRAWER FRIDGE-FREEZER**

The VITRIFRIGO C75DW is a drawer fridge from the AIRLOCK series, featuring an innovative Airlock closing system designed to simplify and integrate various functions, ensuring a more functional and user-friendly product.

With a total capacity of 75 liters and a freezer capacity of 10.2 liters, the VITRIFRIGO C75DW offers a wide range of innovative solutions. Among these, the positive door closure stands out, preventing accidental openings, and the rapid door reversibility allows easy adaptation to surrounding environments.

The integrated "vent position" system keeps the door slightly ajar to prevent the formation of unpleasant odors and mold during periods of non-use. The AIRLOCK series is distinguished by its two-tone design, available in Light Grey and Black, both featuring a matte finish on the door panel.

With additional options such as Easy custom and the optional D power system, the VITRIFRIGO C75DW offers unparalleled flexibility in customization and power options. With a nominal consumption of only 40W and a compact and refined design, this fridge fits perfectly into any environment, from modern kitchens to designer living rooms.

Its sturdy construction and advanced features make it an ideal choice for those seeking a reliable, functional, and elegant fridge for preserving their precious food items.

Thanks to its compact size and advanced technology, the VITRIFRIGO C75DW is the perfect solution for those looking for a fridge that seamlessly combines high-performance with a modern and elegant design.
