Product description:

VITRIFRIGO TL180RF CHEST FREEZER

The VITRIFRIGO TL180RF is a cockpit fridge with an internal cooling unit, designed to meet the food storage needs aboard boats such as yachts.

With a total capacity of 180 liters, it provides ample storage space to keep food fresh during long sea journeys.

Featuring a robust and durable structure, the VITRIFRIGO TL180RF is engineered to withstand the most challenging marine conditions, ensuring maximum longevity and reliability. Its internal cooling unit ensures uniform and efficient cooling, maintaining a constant internal temperature even in variable marine environments.

Weighing just 39 kg, the VITRIFRIGO TL180RF is lightweight and easy to install, offering a practical and convenient solution for onboard food storage. Compatible with common boat electrical systems thanks to its 12/24Vdc power supply, it guarantees reliable operation in any situation. It's also available with a dual-power control unit (12/24Vdc - 100-240Vac 50/60Hz), providing additional flexibility in power management.

With a nominal power consumption of only 43W, the VITRIFRIGO TL180RF ensures optimal energy efficiency, minimizing its impact on the boat's electrical system. Its dimensions of 710 mm in width, 820 mm in height, and 725 mm in depth allow for easy installation in various onboard space configurations.

In summary, the VITRIFRIGO TL180RF is the ideal choice for those seeking a reliable and spacious cockpit fridge for use on yachts and boats. With its generous capacity and advanced design features, it stands out as a leading solution in the cockpit fridge and freezer sector, ensuring safe and efficient food storage during maritime adventures.

TECHNICAL CHARACTERISTICS VITRIFRIGO TL180RF:

Total capacity litres: 180

Net weight: 39 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 43W

Total width: 710 mm.

Total height: 820 mm.

Total depth: 725 mm.

Internal temperature at 25°C ambient: 4°C

Looking for a chest fridge with different technical specifications? [HERE](#) you can find the entire range of VITRIFRIGO or other specialized brands.

Product features:

Length (mm): 725

Width (mm): 710

Height (mm): 820

Dry weight (Kg): 39

Feed Type: 12/24Vdc (disponibile anche con centralina bivalente 12/24Vdc - 100-240Vac 50/60Hz)

Product type: Frigorifero a Pozzetto

Capacity of the refrigerator (L): 180

Nominal consumption: 43W

Inside temperature at 25°C ambient: 4°C
