Product description:

Autoclima Air Conditioner Modula MK Vertical

Autoclima air conditioner Modula MK Vertical: the versatile solution for wall-mounted temperature control

Autoclima Modula MK is a unit designed specifically for wall applications, offering a unique combination of flexibility, efficiency and high performance.

Ideal for:

Special vehicles of various kinds (electric, hybrid, agricultural, earth moving, cranes, cabs, etc.). Those who cannot or do not want to use a compressor driven by the vehicle's heat engine.

Autoclima Main features

12V/24V power supply: compatible with a wide range of vehicles and applications.

Integrated complete unit: includes electric compressor and condenser in one compact module.

High modularity: possibility to choose between different combinations of components (complete unit, condensing unit or motor compressor) for maximum installation flexibility.

Wide range of evaporators: can be combined with the unit according to specific refrigeration requirements.

Easy installation: wall-mounted, requiring only a power supply.

Autoclima Modula MK Vertical Air Conditioner:

Air-conditioning the cabin of an electric vehicle for a comfortable and quiet journey.

Maintain the ideal temperature in a motorhome while stopping or driving.

Cool the working environment in a crane or agricultural machinery.

Create a pleasant climate in a driver's cab during long working days.

Technical characteristics Autoclima Modula MK Vertical A/C:

Cooling capacity

combinable evaporator: Max 4Kw

Power Supply Voltage: 12V DC - 24V DC

Electric absorption: 70A @ 12V DC 35A @ 24V DC

Refrigerant: R134A

Weight: 22 Kg

Width: 466 mm

Height: 702 mm

Depth: 192 mm

Autoclima Modula MK Vertical is not just an air conditioner, but a true wall-mounted air-conditioning system designed to adapt to the most diverse requirements.

Elegant and modern design: fits perfectly into any environment.

Small footprint: ideal for installation in small spaces.

Silent operation: for a comfortable and relaxing environment.

Minimum maintenance: for time and money savings.
