

Hyundai 65123 Power Generator 3 kw AVR

Product price:

225,00 € tax excluded

Product description:

Hyundai 65123 Power Generator 3 Kw

Hyundai 65123P Power generator AVR for your needs

Hyundai 65123P AVR generator is a portable model designed to provide reliability in the event of power outages or during outdoor activities.
outdoor activities.

Hyundai generator great in case of interruptions during outdoor activities.
But the real strength of the Hyundai 65123P AVR generator is its AVR system.
This intelligent technology automatically monitors and regulates the output voltage, protecting your connected devices from damaging voltage spikes that could cause malfunctions or permanent damage.
But the real strength of the Hyundai 65123P AVR is its AVR (Automatic Voltage Regulator) system.
This intelligent technology automatically monitors and adjusts the output voltage, protecting your connected devices from damaging voltage spikes that could cause malfunctions or permanent damage.

Hyundai Key Features:

Maximum power: 3.0 kW: Ideal for powering a variety of electrical devices, from electrical tools to household appliances.

Rated power: 2.5 kW: Ensures continuous and stable operation.

Voltage/frequency: 230 V / 50 Hz: Compatible with most household electrical systems.

Sockets: 2x16A: Allows multiple devices to be connected simultaneously.

12V output: 12V - 8.3A: For recharging batteries or powering other devices.

Noise level at 7 metres: 95 dBA: Relatively quiet for a generator.

Tank capacity: 12 L: Provides a working autonomy of several hours.

Net weight: 42 kg: Lightweight and easily transportable.

Advantages of the Hyundai 65123P AVR:

Versatile: Perfect for powering a variety of electrical appliances.

Reliable and durable: Built with high-quality materials to ensure long-lasting performance.
Portable and lightweight: Easy to carry and use anywhere
Easy to use: Simple and intuitive manual start-up. Safe: Equipped with AVR to protect connected devices from voltage spikes.
Convenient: Excellent value for money.

Technical Specifications Hyundai:

Engine: 4 Stroke
Fuel: Petrol
Euro: 5
Starter: Manual
Displacement: 212 cc
Alternator: 100% Copper
Maximum power: 3.0 Kw
Power: 7 HP
Rated Power: 2.7 Kw
Tank capacity: 12 L
Sockets: 2x16A
Weight: 42 kg
AVR
Stage V

Are you looking for a Hyundai generator with different technical characteristics? [HERE](#) you can find the area dedicated to HYUNDAI generators or other specialized brands.

Images and technical data are not binding.

Product features:

Phase: Single phase
Fuel: Gasoline
Frequency (Hz): 50
Voltage (V): 230
Engine: 4 stroke
Dry weight (Kg): 42
Voltage regulator: AVR
