Product description:

BURGLAR-PROOF BOX 1078 L

Burglar-Proof Box 1078 L: Safety and robustness at the service of your objects

The Burglar-Proof Box 1078 L is the ideal solution for protecting your valuables from theft and damage. Made from a solid 2 mm steel sheet and coated with a resistant powder coating, this box guarantees durability and optimal protection.

360° security:

Double concealed lock: An innovative and hidden locking system makes it virtually impossible to force the box open.

Hermetic joint: The minimum distance between the lid and the box prevents the insertion of any tools, offering total protection.

Anti-tip shock absorber kit (optional): This innovative system prevents accidental closing of the lid, ensuring maximum safety during use.

Technical features:

Capacity: 1078 litres

Dimensions: 1800 x 820 x 730

Weight: 110 kg

Material: 2 mm steel sheet, powder coating

Why choose the 1078 L Burglar-Proof Box?

Total protection: Thanks to the robust design and safety locking system, your items will always be safe.

Versatility: Perfect for use in garages, workshops, construction sites and in any other environment where extra protection is needed.

Durability: Made with high-quality materials to resist wear and tear and weather.

Additional safety: The optional anti-tipping shock absorber kit offers extra protection during use.
