**Product description:**

HONDA MIIMO HRM70 LIVE ROBOTIC LAWNMOWER

The HONDA Miimo HRM70 LIVE Robotic Lawnmower is an intelligent device designed to keep your lawn always perfect, even in the most difficult-to-reach areas. With a working area of up to 700 m<sup>2</sup>, the HONDA Miimo HRM70 LIVE adapts to lawns of various shapes thanks to its advanced technology, allowing it to mow with incredible precision.

**Main Features of HONDA Miimo HRM70 LIVE:**

Working area: up to 700 m<sup>2</sup>

Maximum mowing slope: 15° / 27%

Maximum wire slope on sloped areas: 9° / 15%

Guaranteed noise level: 63 dB(A)

Blade type: 3 (Pivoting blades)

Cutting width: 190 mm

Height adjustment: manual from 30 to 50 mm

Battery type: Lithium-ion 18 V / 2.5 Ah

Runtime per charge: 75 min

Charging time: 60 min

Water resistance: IPX4

Smartphone app: Android & iOS

Charging station placement: parallel to the boundary wire or at an angle

Boundary wire and pegs included: 175 m / 240 pegs

Length x Width x Height: 445 x 364 x 202 mm

Weight: 7.6 kg

Its Map & Mow feature allows the Miimo HRM70 LIVE HONDA to automatically map your garden, calculate its size, and create a personalized mowing schedule. Additionally, it features smartphone connectivity and works with Amazon Alexa for even easier and more convenient control.

The HONDA Miimo HRM70 LIVE Robotic Lawnmower can tackle slopes up to 15° / 27%, with a cutting width of 190 mm. The manual height adjustment allows you to choose between 30 and 50 mm, ensuring a perfectly uniform cut every time.

This HONDA Miimo HRM70 LIVE Robotic Lawnmower is powered by an 18 V / 2.5 Ah lithium-ion battery, providing a runtime of 75 minutes per charge. Charging times are fast, around 60 minutes, so you won't have to stop your work for too long. Moreover, the device is rated with IPX4 water resistance, making it weather-resistant.

The advanced features of the Miimo HRM70 LIVE include intensive mowing in challenging conditions and the ability to check real-time weather forecasts to optimize mowing schedules. The HONDA Miimo Robotic Lawnmower guarantees consistent performance and a perfectly manicured lawn with a cutting quality that makes it look as if done by a professional.

The charging station for the HONDA HRM70 LIVE can be positioned either parallel to the boundary wire or at an angle and comes with 175 meters of boundary wire and 240 pegs for easy installation. Its compact size (445 x 364 x 202 mm) and lightweight design (7.6 kg) make it ideal for domestic use.

The HONDA Miimo HRM70 LIVE Robotic Lawnmower is the perfect device for anyone looking for convenience, reliability, and high performance, all in one product.
