Webasto Cool Top Trail 28G Air Conditioner 2800W

Webasto Cool Top Trail 28G Air Conditioner 2800W represents the perfect roof air conditioning solution to ensure optimal comfort inside vehicles up to 8 metres in length. This powerful Webasto Cool Top Trail 28G 2800W Air Conditioner offers both a significant cooling and heating capacity, making it a versatile system for different climate conditions.

The Webasto Cool Top Trail 28G 2800W operates on single-phase power at a frequency of 50 Hz and a voltage of 230 V. Its high cooling power of 2800 W ensures a pleasantly cool environment even during the hottest days, while the heating power of 2600 W provides additional thermal comfort in the colder seasons.

The compact design of the Webasto Cool Top Trail 28G 2800W, with a length of 855 mm, a width of 657 mm and a height of only 215 mm, making it easy to install on the roof of the vehicle. Despite its power, the Webasto Cool Top Trail 28G Air Conditioner 2800W weighs only 36 kg, limiting the impact on the vehicle load.

This Webasto Cool Top Trail 28G 2800W is designed to operate in a wide operating temperature range from -5 to 50 °C, ensuring reliable performance in different environmental conditions. The installation requires a roof cutout of 400x400 mm and fits roof thicknesses between 25 and 70 mm.

In summary, the Webasto Cool Top Trail 28G 2800W is a powerful and efficient roof air conditioner, ideal for vehicles up to 8 meters. With its cooling capacity of 2800 W and heating of 2600 W, the Webasto Cool Top Trail 28G Air Conditioner 2800W offers comfort in every season.

Choosing the Webasto Cool Top Trail 28G Air Conditioner 2800W means opting for reliable and high-performance air conditioning for your vehicle.

Webasto Technical Features:

Phase type: Single phase
Frequency (Hz): 50
