Product description:

BINDA ROTOPUMP INOX PUMP

The company BINDA, continuing its long tradition in hand pump production since 1919, has always pursued constant technological evolution, customer satisfaction, environmental respect, and the best value for money. Thanks to these principles, BINDA has achieved worldwide leadership in fluid management through manual pumping systems, offering the most complete range of pumps and complementary products available on the international market. Certified by RINA and official NATO supplier, BINDA guarantees the highest quality standards thanks to production and control systems compliant with strict military regulations.

ROTOPUMP: Pneumatic gear pump in brass or stainless steel with Viton seal and stainless steel shaft. Ideal for oil, antifreeze, diesel, lubricants and water.
