

BINDA PUMP BOXER 81 M

Product price:

1.180,00 € tax excluded

Product description:

Continuing the traditional production of hand pumps, begun in 1919, aiming for constant technological evolution of the product, satisfying the needs of its customers, respecting the environment and always guaranteeing an excellent quality/price ratio of its products, BINDA has achieved world leadership in the management of fluids through manual pumping systems, offering the most complete range of pumps and complementary items available on the international market. BINDA, certified by RINA and an official NATO supplier, guarantees the high quality standards of its production thanks to the production and control systems carried out according to the aforementioned military regulations.

BOXER METAL PUMP: Pneumatic pump in metal (aluminum or AISI 316) with double diaphragm. Self-priming, double-acting. For aggressive or food-grade liquids. POWDER version for handling powders.
