

# BM2 TRANSPORTABLE TANK IN POLYETHYLENE FOR DIESEL FT 230

**Product price:**

**648,00 € tax excluded**

## **Product description:**

BM2 Transportable Tank in Polyethylene for Diesel FT 230

The Portable Polyethylene Tank for Diesel FT is the ideal solution for the safe and convenient transportation of diesel, designed to meet the needs of mobility and durability.

## **Technical Specifications:**

- Tank Capacity: 230 Liters
- Length: 600 mm
- Width: 800 mm
- Height: 600 mm
- Weight: 27 Kg

## **Regulatory Compliance:**

The tank complies with ADR regulations, specifically paragraph 1.1.3.1c, which allows for the transportation of diesel with total exemption, ensuring safe and legal use.

## **Materials and Features:**

Made of polyethylene, the tank stands out for its compactness and durability, qualities that are combined with the lightness of the material. This results in a robust yet easy-to-handle and transport tank.

## **Functionality and Accessories:**

- Capacity: 230 liters.
- Level Indicator: For precise monitoring of the contents.
- Filling Cap with Vent: Ensures easy refueling and adequate ventilation.
- Lockable Cover: Provides additional security, preventing unauthorized access.
- Housing for Anchor Straps: Facilitates the securing of the tank during transport, ensuring stability and safety.
- Full Load Lifting Lugs: Allows for easy and safe lifting of the tank even when it is completely full.

#### Advantages:

The FT tank not only offers a large storage capacity, but thanks to its compact dimensions and reduced weight, it represents a versatile solution for diesel transportation.

The presence of accessories such as the level indicator and the filling cap with vent, along with the lockable cover, makes this tank an excellent choice for those who need to transport fuel safely, efficiently, and in compliance with regulations.

With the Portable Polyethylene Tank for Diesel FT, you are assured of a reliable, durable, and easy-to-use product, perfect for meeting your diesel transportation needs.
