# HONDA HHB 25E Blower

**Product price:**

**315,00 € tax excluded**

**Product description:**

HONDA HHB 25 E Blower

The Honda HHB 25 E Blower with a compact and lightweight petrol engine is the ideal solution for keeping gardens, parks, streets, and stadiums clean and tidy all year round.

Reliable, durable petrol machines designed to work in the toughest environments, these blowers are easy to use and efficient. Thanks to our legendary 4-stroke engine technology, we have created very compact yet sufficiently powerful blowers to handle any task.

Decompression system: Our blowers are equipped with a mechanical decompression system combined with a super-light flywheel, allowing the blower to start without straining the starter cord.

Easy starting is one of the main strengths of Honda products. 360° lubrication: These engines feature a rotary pump lubrication system, ensuring constant lubrication regardless of the engine's position.

This system is extremely useful both during operation and storage.

High energy efficiency: Regardless of the specific use, these engines always provide extended operation between refills thanks to optimized tank size and very low fuel consumption.

Fuel consumption at maximum power: Honda GX25 – 0.54 liters/hour at 7,000 rpm; Honda GX35 – 0.71 liters/hour at 7,000 rpm.

**Features of the Honda HHB 25 E Petrol Blower:**

Length: 335 mm

Width: 265 mm

Height: 370 mm

Dry weight: 4.5 kg

Engine: HONDA

Type: OHC 4-stroke

Engine displacement: 25 cc  
Engine model: GX25T  
Net engine power: 0.72 kW - 7,000 rpm  
Fuel tank capacity: 0.58 L  
Oil capacity: 0.08 L  
Sound power level: 102 dB(A)  
Performance:  
Airflow: 600 m<sup>3</sup>/h  
Maximum airflow speed: 70 m/s  
Other features: Adjustable airflow

The Honda HHB 25 E Blower is designed for a single purpose. With a powerful and precise airflow, it allows you to gather leaves and clippings that can then be collected and composted. The Honda HHB 25 E Petrol Blower is the ideal solution for keeping gardens, parks, stadiums, and streets neat and clean all year round.

**Product features:**

Fuel: Gasoline  
Engine: GX25T  
Engine rpm (rpm): 7000  
Ignition: Recoil  
Starting system: Manuale  
Engine capacity (cm<sup>3</sup>): 25  
Oil capacity (L): 0.08  
Net power (kW): 0.72  
Air flow (m<sup>3</sup>/h): 600  
Fuel tank capacity (L): 0.58  
Acoustic power: 102 dB(A)  
Length (mm): 335  
Width (mm): 265  
Height (mm): 370  
Dry weight (Kg): 4.5  
Maximum air speed (m/s): 70  
Setting air flow: Yes  
Engine manufacturer: Honda
