Product description:

TELECO VOYAGER DIGIMATIC65 SATELLITE ANTENNA WITH DIGITAL POINTER 65cm

The TELECO Voyager Digimatic65 with Digital Pointer is the ideal manual satellite antenna for those looking for precision and ease of use during satellite alignment. Equipped with advanced technologies such as the DSF90E/HD digital pointer and the electronic inclinometer, this TELECO Voyager Digimatic65 65cm Satellite Antenna ensures excellent performance and an intuitive user experience, even for beginners.

This TELECO antenna represents an evolution of the Voyager G3 model, thanks to the integration of the DSF90E/HD digital pointer, which allows quick identification of the desired satellite. Additionally, the electronic inclinometer ensures precise elevation values, even in the presence of vehicle unevenness, eliminating issues related to digital signal latency.

Main features of the TELECO Voyager Digimatic65:

65 cm parabolic dish: Excellent signal reception even in difficult conditions.

DSF90E/HD digital pointer: Allows rapid alignment with visual and audible signals to locate the correct satellite.

Electronic inclinometer: Compensates for vehicle unevenness for always precise inclination.

Optimized manual pointing system: Ideal for simple, lag-free management.

Robust and compact design: Perfect for installation on campers and recreational vehicles.

How does the TELECO Voyager Digimatic65 with Digital Pointer work?

Select the desired satellite (e.g., ASTRA 23) using the DSF90E/HD digital pointer.

Adjust the dish's inclination using the electronic inclinometer's readings.

Rotate the dish towards the south until hearing the continuous "BEEP" and check the SAT OK LED.

Optimize the signal by following the LEVEL indicator to achieve the best reception quality.

Contents of the TELECO Voyager Digimatic65 kit:

Pre-assembled satellite antenna with reclining mast.
Universal LNB with connection cables.
DSF90E/HD digital pointer for quick and precise alignment.
65 cm parabolic dish.
Detailed manual for easy installation.

The TELECO Voyager Digimatic65 Satellite Antenna is designed for campers and travelers who want a reliable, easy-to-use, and high-performance antenna. With advanced technologies such as the DSF90E/HD digital pointer and the electronic inclinometer, you can quickly locate and align the desired satellite, eliminating signal delay issues and ensuring a flawless travel experience.

Choose the TELECO Voyager Digimatic65 for the best quality and simplicity during your travels.

Product features:

Diameter (Ø): 65 cm
Length closed (mm): 880
Width closed (mm): 650
Height closed (mm): 180
Length (mm): 650
Width (mm): 400
Height (mm): 650
Type of coupling head: Wall bracket
Product type: Satellite Antenna
Antenna orientation: Manual
Weight (Kg): 9.2
